

SECOND NATURE

Geography Camps & Tours

Where would you like to go?

www.sn-ap.com.au

WHERE TO START

Second Nature offers a huge variety of **customised**, educational experiences. These include incursions, excursions and **field studies**, as well as domestic and international tours. The first step is to decide how far you are willing to **travel** with us!

AMAZING PLACES

We are very lucky to have so many amazing natural environments and beautiful cities here in Australia. Traverse the entire country or expand your students' horizons by travelling abroad. With 100+ amazing **destinations** across Asia, Europe, North America, South America and North Africa to choose from, Second Nature guarantees an unforgettable learning **experience**!

Camp Programs in Australia

Study Geography domestically with Second Nature

GOLD COAST

The Gold Coast is a tourism Mecca "famous for fun". With its golden sandy beaches, theme parks, attractions and World Heritage Listed National Parks, the city has plenty to offer in the way of environmental and social geography. Let Second Nature work with you to design a program that will best support your students' in-class learning. All field work includes options for disturbed and undisturbed sites.

Choose 2-20 days to design your own Geography camp!

DAY 1 - Rainforest

- 6 sites to choose from (e.g. Lamington NP)
- Interpretive hikes (3-22km) or GC Great Walk
- Plant ID, fire affected areas, transects, quadrats

DAY 2 - Mangroves

- Up to 6 species, variety of accessible sites
- Compare saltmarsh/reclaimed land/seagrass
- Plant/crab ID, adaptations, transects, quadrats

DAY 3 - Catchments

- Almost any waterway to choose from
- Physio-chemical, biological, habitat assessments
- Upper/middle/lower river sampling sites

DAY 4 - Coastal

- Southern or Central GC beaches
- Up to 5x site study for data collection on day
- Plant ID, management review, transect, quadrats

DAY 5 - Paddock to Plate

- Animal farms/crops/organic/hydroponic etc.
- Up to 4x farms to visit for data collection
- Talk directly with farmer with tour of farm

DAY 6 - Tourism

- Single day or multiple overnight experiences
- Talk with hotel operators, academics, council
- Site visits, presentations, university lectures

DAY 7 - Indigenous

- Stand-alone incursion/excursion or combo
- Artefact displays, bush tucker, guided walks
- Interactive presentation, boomerang throwing

DAY 8 - Urban

- Multiple sites to choose from (e.g. Burleigh)
- Up to 5x site study for data collection on day
- Site visits, speakers, traffic counts, surveys

DAY 9 - Stradbroke Is.

- North & South Stradbroke/Moreton Island
- Broad range of recreational activities
- Habitat-based field work, transects, quadrats
