SECOND NATURE EDUCATION

What sets us apart from the rest?

Second Nature Education provides an extensive variety of tailored, affordable excursions, incursions, domestic tours and international experiences for educational institutions in Australia and overseas. These cover curriculum objectives relating to **Geography**, Earth & **Environmental Science**, **Biology**, Marine Science and Agricultural Science for K-12 and undergraduate students! Students have the opportunity to apply concepts learned in class to enquiry-based field work and investigation of natural or built environments. We also offer a fantastic range of **Cultural Education** and **Indigenous Immersion** programs, as well as adventure programs for the **Duke of Edinburgh** award. Our programs are delivered by knowledgeable, passionate facilitators and feedback shows that our trips are informative, challenging and great fun!

We are a one-stop-shop – providing you with everything:

- curriculum-based Work-Booklets;
- fantastic, enthusiastic facilitators;
- all relevant (calibrated) technical equipment for field work;
- site-specific Risk Assessments;
- Pre-Post Excursion (supplementary) Activities;
- a huge variety of appropriate destinations;
- discounted bus service (we have our own fleet of 8-15 seat 4WD vehicles, 12-30 seat mini-buses and up to 61 seat coaches);
- all accommodation/ flights booked for camps (at cost);
- full/ part catering options; and
- so much more!

Let us take your students to K'gari (Fraser Island)!

K'GARI 1-DAY TOUR

Our single day tour can be a convenient option for schools and tertiary education institutions within 2 hours of Rainbow Beach or River Heads looking to organise an educational experience for their students on Fraser Island. It involves visiting some of the island's most popular sites and has many options for field work included in the total cost. This is a great day out!

Tour Highlights

- 4X4 driving 75 Mile Beach
- Swimming at Eli Creek
- Exploring the Maheno shipwreck
- A gourmet lunch on the beach
- Visiting Central Station
- Pile Valley walk
- Spectacular scenery at Lake McKenzie

Field Work Options

- Tourism-Focused Interviews
- Field Sketches
- Talk from a National Park Ranger
- Coastal/Rainforest Plant ID
- Custom...

K'GARI 2-DAY TOUR

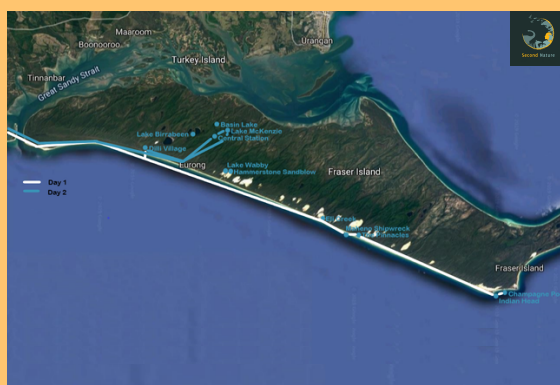

Overnight stays are recommended because it gives students the opportunity to rest and enjoy themselves whilst on the island. Schools/tertiary institutions usually stay overnight at Dilli Village, however camping or accommodation at alternative venues can also be arranged. More time at Fraser's attractions and enough time for senior field work makes this tour a very popular option.

Tour Highlights

- 4X4 Driving 75 Mile Beach
- Swimming at Eli Creek
- Exploring the Maheno shipwreck
- Witnessing the brightly coloured sands of the Pinnacles
- Hiking Indian Head
- Splashing around in the Champagne Pools
- Visiting Central Station
- Spectacular scenery at Lake McKenzie

Field Work Options

- Tourism-Focused Interviews
- Disturbed and Undisturbed Quadrats and/or Transects
- Measuring Dune Profile
- Coastal/Rainforest Plant ID
- Custom...

K'GARI 3-DAY TOUR

3 days turns your educational camp program into an action-packed adventure! There are plenty more sights to see and things to do on K'gari. This tour sees students travel to some of the most pristine environments on the island. It also provides opportunity for team building exercises and various evening activities. This tour is popular with groups who are after a fun bonding experience.

Tour Highlights

- 4X4 Driving 75 Mile Beach
- Swimming at Eli Creek
- Maheno shipwreck
- The Pinnacles
- Hiking Indian Head
- The Champagne Pools
- Visit Central Station
- Pile Valley walk
- Swimming at Lake McKenzie
- Basin Lake
- Lake Birrabeen and Wabby
- Hammerstone Sand Blow

CUSTOM TOURS

All of our tours are individually tailored to a school or tertiary education institution's preferences. We also cater to special interest groups from 1 person to 100! We can design experiences to meet the field work requirements for specific units in the new Australian Curriculum and all state syllabuses. Some of the Geography and Science units we have taken to K'gari include:

- Yr 11 Planning Sustainable Places
- Yr 12 Land Cover Transformations
- Yr 11 Biodiversity and the Interconnectedness of Life
- Undergraduate Tourism Management

+ many more!

WHAT NEXT?

If you are interested in learning more about our Fraser Island excursions and camp programs or if you would like to book your Fraser Island adventure, contact the team at Second Nature Education using the contact details provided. We can send you an obligation-free quote and sample itinerary, as well as any material you need to gain approval from your school or institution. You can also ask us about our other programs. We deliver to many destinations throughout Australia and overseas!
